### **Pinal County Compendium of Existing Conditions Now Available**

The Pinal County Comprehensive Plan Compendium of Existing Conditions is now available on the project website, [www.PinalCountyPlan.com](http://www.PinalCountyPlan.com).

As the County-wide vision is finalized and as the ongoing Comprehensive Plan process moves towards the development of subsequent scenarios, a thorough understanding of Pinal County is needed. As such, a compendium of existing conditions has been compiled in order to better understand Pinal's opportunities and constraints. This compendium contains data on the existing regional and local social, environmental, physical, and economic characteristics that impact the County.

The 71 page document provides a comprehensive review of conditions in Pinal. To review the Compendium, or print a personal copy of the document, visit the project Library at [www.PinalCountyPlan.com](http://www.PinalCountyPlan.com). You will find the Compendium listed under "Project Documents."

For more information on the Pinal County Comprehensive Plan and upcoming events, visit the project website ([www.PinalCountyPlan.com](http://www.PinalCountyPlan.com)) or contact Peggy Fiandaca (PSA) Consulting Team Project Manager at 480.816.1811 or [PSAinc@cox.net](mailto:PSAinc@cox.net).
